

Dear Lord Mayor

In 2009 you promised that Brisbane City Council would fund a freight bypass between Ipswich Road and Fairfield Road through the Yeerongpilly industrial area and ban trucks from Venner Road.

I urge you to make good on this promise and include the Venner Road Freight Bypass in Council's Priority Infrastructure Plan.

Failure to include the bypass is a major oversight.

I urge you to act now, as part of the City Plan PIP, to deliver this critical road safety improvement project, which offers significant benefits for residents and businesses alike.

Regards
